

Web Lot 200 – A day's fishing for 2 rods on The River Dove near Rocester, Staffordshire, on the Norbury Fishing Club waters

A colleague and I spent yesterday on the river Dove with the donor. It was a memorable day in every way, including the weather, and the donor went out of his way to ensure that we enjoyed ourselves and caught fish. He was a charming, enthusiastic and knowledgeable host and his wife provided a superb lunch and afternoon tea and cakes. Altogether a memorable day on a river which neither of us had fished before. Our thanks to the Heather Trust for making it possible and best wishes for the future. I shall certainly be looking out for details of your 2012 auction!
